

# ECO-u828

Ultra-slim Aluminum Power Bank with Safety Protection

The sleek aluminum 8000mAh power bank - ECO-u828, uses a Li-polymer cell that gives you enough charging power for both your mobile device and tablet no matter where you are. Its modern and ultra-slim design (9.49mm) allows for discrete and minimal storage without compromising charging capacity. It is the perfect power bank to take on business trips, vacation, and just about anywhere you go.

ECO-u828 has dual USB outputs in 2.1A and 1.5A, so you can seamlessly charge your mobile device and tablet simultaneously. Plus, spend less time recharging the ECO-u828 with the quick charging 2A input. Charge your devices anywhere with the ECO-u828.

ECO-u828 is backed by a 1 year limited warranty and US\$ 10 million worldwide product liability insurance.
